

1985 JETTA GLI

THE ALL-NEW 1985 JETTA GLI

The 1985 Jetta GLI is a true German road car that will satisfy both the enthusiast and economist in you.

The enthusiast in you will revel in sitting atop some of the most sophisticated automotive engineering in the world. Such superb engineering accounts for the Jetta GLI's world-class handling and outstanding performance.

The enthusiast in you will also enjoy sitting inside one of the most comfortable and secure German road cars in the world. For our engineers understand that sports touring demands a high level of driving comfort.

The economist in you will be pleased to note that the Jetta GLI is also a Volkswagen. And therefore offers its owner extraordinary efficiency, reliability and durability. At a price you can actually afford.

*See EPA mileage figures on specifications page.

IT'S NOT A CAR IT'S A VOLKSWAGEN

sport steering wheel and shift knob invite your grip. You can scan the full analog instrumentation in a glance. And the fully reclining sport bucket seats provide firm lateral support during spirited driving.

Just point the Jetta GLI at a tortuous back country road. The road won't stand a chance.

Comfort matches control

The Jetta GLI's comfort and convenience features are as sophisti-

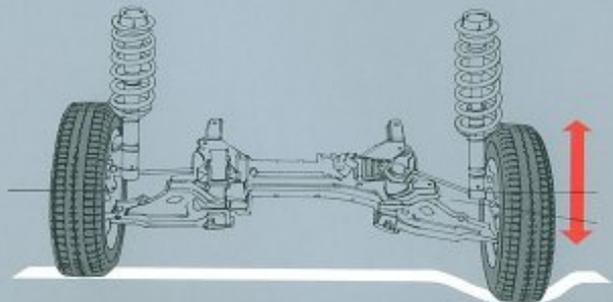

cated as its engineering. The luxury of its plush charcoal grey velour seats with black leatherette bolsters is matched by the practicality of a multi-function computer that displays among other useful data, elapsed trip time, miles travelled and average miles per gallon. Many convenience features also add an extra measure of security, such as a rear window defroster, dual remote controlled mirrors and a child-proof lock system for the rear doors.

A Jetta GLI not only performs. It allows you to enjoy the performance in complete comfort.

Personalize your Jetta GLI

To keep cool, select air-conditioning. To enjoy more sun and fresh air, choose a manual sunroof. An automatic transmission and cruise control will let your Jetta GLI do some of the driving work. For added convenience and security, you can have power windows, heated mirrors

and door locks. If you like music, you'll want the electronically controlled AM/FM stereo cassette radio. And for more sparkle, pick a metallic paint.

Four wheel disc brakes are standard on Jetta GLI. Optional comfort and convenience features include a power window and door lock package, electronically controlled AM/FM stereo cassette radio with cassette holder, air conditioning and a sunroof.

We still travel our own road

Although the 1985 Jetta GLI is all new, the philosophy upon which it was built goes back to the very first Volkswagen introduced in America. Today, we still design these basic virtues—efficiency, reliability, common sense—into every Volkswagen we build. We still believe in the continual process of improvement and refinement in the pursuit of perfection. And we still insist on the strictest quality control by both man and computer.

The Volkswagen 2-year Unlimited Mileage Protection Plan

Our new Protection Plan is as simple and straightforward as a Volkswagen itself.

Your new Jetta GLI is protected by a 2-year unlimited mileage limited warranty on the entire vehicle (except tires), and a 3-year unlimited mileage limited warranty on rust perforation. See your U.S. Volkswagen dealer for details.

Take command of the road

The Jetta GLI is designed to satisfy your passion for performance. Its power emanates from a 100 horsepower, 1.8 liter fuel-injected engine coupled with a close-ratio 5-speed transmission. Its dazzling handling is achieved by a 4-wheel independent sports suspension with stabilizer bars. Quick ratio power assisted rack and pinion steering. And 4-wheel power disc brakes (front vented).

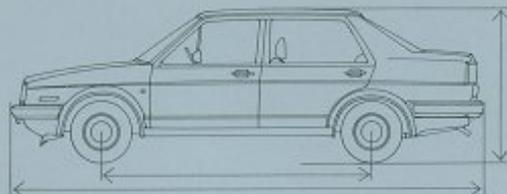

In the cockpit, a leather wrapped

Fully reclining bucket seats (including a height adjustable driver's seat), full instrumentation, 5-speed close-ratio transmission and stylish alloy wheels are all standard on the Jetta GLI.

TECHNICAL DATA/SPECIFICATIONS

FEATURES AND OPTIONS

	JETTA GLI
S=Standard O=Optional	
MECHANICAL	
1.8 liter high performance 4-cylinder fuel-injected engine	S
Digital electronic ignition with knock sensor	S
Close-ratio 5-speed transmission	S
MacPherson strut front suspension	S
Independent torsion beam rear axle	S
Front and rear stabilizer bars	S
Quick ratio power assisted rack and pinion steering	S
Power assisted disc brakes front and rear (front vented)	S
Performance series steel belted radial tires	S
EXTERIOR	
All steel unit body construction	S
Aerodynamic halogen headlights	S
Front spoiler	S
Black wheelhouse flares and rocker panel covers	S
Left remote controlled mirror	S
Right remote controlled mirror	S
Styled alloy wheels	S
Special red trim on bumpers and bodyside molding	S
Black concealed rain channels	S
Tinted glass	S
Intermittent wipers	S
Lockable gas cap	S
INTERIOR	
Padded instrument panel	S
4-spoke leather wrapped sport steering wheel	S
Leather shift knob	S
Full instrumentation including speedometer, trip odometer, tachometer, digital clock, water temperature gauge, fuel gauge, upshift indicator light and other warning lights	S
On-board multi-function computer	S
Center console with ashtray, cigarette lighter and rear seat heater ducts	S
Fully reclining front sport bucket seats with adjustable headrests and height adjustable driver's seat	S
Fully padded cut pile carpeting	S
Electric rear window defroster	S
Vanity mirror on driver's side; illuminated vanity mirror on passenger side	S
Time delay courtesy light and instrument illumination	S
